

UTP Productions accident checklist

- Provide first aid** if a trained person is available.
- If the injury is life threatening, then please call 911. Otherwise, **call UTP's dedicated injury hotline at (801)209-9193. You will be guided through the process.** If there is no answer, please leave a detailed message of the injury. Please provide contact information including a phone number so we can return your call as soon as possible. This number is available 24/7/365.
- The employee, supervisor and witnesses must fill out the necessary reports.** This can be accomplished at utpproductions.com for your easiest solution. The forms may also be printed and either emailed or faxed to us. This includes incidents that may not require immediate medical attention. **All reports must be received within 24 hours of the incident.**
- Investigate the accident scene – provide detailed description of accident and equipment involved. Pictures may also be taken with a cell phone and sent via text message to (801)209-9193.**
- Any accidents/incidents that involve death, amputation, loss of an eye or inpatient hospitalization require that the scene be preserved per OSHA requirements!**
